The Common Core

CCSS.ELA-LITERACY.RL.11-12.2
Determine two or more themes or central ideas of a text and analyze their development over the course of the text, including how they interact and build on one another to produce a complex account; provide an objective summary of the text.

CCSS.ELA-LITERACY.W.11-12.1.A
Introduce precise, knowledgeable claim(s), establish the significance of the claim(s), distinguish the claim(s) from alternate or opposing claims, and create an organization that logically sequences claim(s), counterclaims, reasons, and evidence.

Why is the CCSS Important to Universities?

www.wordle.net
University Expectations of Students

- Use complex texts
- Use evidence from a text
- Incorporate the use of text sets
- Increase content knowledge
- Develop written and oral competencies
- All students achieve high standards
- Demonstrate knowledge through assessments

The Shifts - An Overview of the CCSS Standards

The CCSS Requires Three Shifts in ELA/Literacy

1. Regular practice with **complex text** and its **academic language**
2. Reading, writing and speaking grounded in **evidence from text**, both literary and informational
3. Building **knowledge** through **content-rich nonfiction**

The CCSS Requires Three Shifts in Mathematics

1. **Focus**: Focus strongly where the standards focus.
2. **Coherence**: *Think* across grades, and *link* to major topics
3. **Rigor**: In major topics, pursue **conceptual understanding**, procedural skill and *fluency*, and *application*

**PART A:** Enter your answer in the box.

Mr. Ruiz realizes there are ______ brass instrument player(s) per percussion player.

**PART B:** Mr. Ruiz has 210 students who are interested in joining the marching band. He decides to have 80% of the band be made up of percussion and brass instruments. Use the unit rate you found in Part A to determine how many students should play brass instruments.

Show or explain all your steps.

| **Writing Prompt:** Going to the movies is a major source of entertainment for many students. Imagine that the only discount movie theater in your area is closing. Write a persuasive essay in support of keeping the discount movie theater open. | **Writing Prompt**

You have read a website entry and an article, and viewed a video describing Amelia Earhart. All three include information that supports the claim that Earhart was a brave, courageous person. The three titles are:

- “The Biography of Amelia Earhart”
- “Earhart’s Final Resting Place Believed Found”
- “Amelia Earhart’s Life and Disappearance” (video)

Consider the argument each author uses to demonstrate Earhart’s bravery.

Write an essay that analyzes the strength of the arguments related to Earhart’s bravery in at least two of the three supporting materials. Remember to use textual evidence to support your ideas. |
Desired Characteristics of Assessments

• Assessment FOR learning, not assessment of learning
• Real life examples
• Scaffolded higher level application
• ALL classes using texts

Texts in assessments means teachers are using texts in all parts of classes

The CCSS Requires Three Shifts in ELA/Literacy

1. Regular practice with complex text and its academic language
2. Reading, writing and speaking grounded in evidence from text, both literary and informational
3. Building knowledge through content-rich nonfiction

- One characteristic that many K-12 teachers are finding very helpful is the concept of text complexity
- What does text complexity mean to you?
Choosing Texts that Challenge Students

- CCSS seeks to have all students reading grade level texts *(this is a process!)*
  - What is a grade level text? --
    Quantitative analysis is one easy tool
  - Programs have been designed that can measure the word count, word length, sentence length, paragraph length
    - Lexile
    - ATOS (Accelerated Reader)
Choosing Appropriate Texts

• If you were teaching a hypothetical lesson on “Intro to IEPs”, what text would you choose?

• Let’s look at an example that students might find
  – Open this page on IEPs
  – Open a new tab and Google “ATOS Text Analyzer”

Copy/paste the first three paragraphs
The Analysis

• This text - what are positives and negatives?

• You already provide your students with complex texts, and the goal now is to **explicitly** teach them what a complex text is and how to use them throughout a class.
Ways to Scaffold for Diverse Learners

You choose to have your students read the original Public Law 94-142.

- How would you scaffold for a student with an SAT verbal score of 500? 710?
Suggested Scaffolding Strategies

• Assign selected portions (the abstract or other filtering techniques)
• Offer the reading in advance AND read it in class
• Offer as part of a text set (great for introducing the concept of research)
Explicitly guiding students in selecting complex texts

• How do you see yourself using “text complexity” as a topic in your class?

• Q&A?
